Brimfield, Mass.

Jan. 5, 1928.

I have examined the stock, bonds, trust deeds and funds in the safe deposit box at Palmer National Bank and find them all as of the list of 1927 as follows:
Calvert Mortgage Co. invested funds \$1000⁰⁰ received.
Liberty bond \$1000⁰⁰ matured.
Illinois Power and Light Two \$1000⁰⁰ bonds acquired.
U. S. Steel Common stock, two shares, acquired, and extra dividend.

I have examined the above accounts of the treasurer, his vouchers, bank account and bank balances; have also compared his statement of receipts contributed with the books of the church treasurer, and find everything correct.

about Jan. 1929

Brimfield Mass.

Jan. 4, 1929.

I have examined the stock, bonds, bank books and funds in the safe deposit box at Palmer National Bank and find them all as reported last year, except that the fund for a pipe organ has increased to over \$2000.00 -

I have examined the accounts of the Treasurer for the year 1928, his vouchers, bank account and bank balance; have also compared his statement of receipts contributed, with checks given by the church Treasurer. I find everything correct.

Brimfield Mass.

Jan. 7, 1931

I have this day examined the stock, bonds, bank books, and funds in the safe deposit box at Palmer National Bank and find everything as reported last year except that the Parish now has a one thousand dollar bond of the New England Power Co, in place of the Dominion of Canada bond retired. The organ fund has been used as per treasurer report.

I have examined the accounts of the treasurer for 1930, his cancelled checks, bank account, and bank balance; have also compared his statements of receipts contributed with checks given by the church treasurer. I have also examined the accounts of the treasurer of the parish acting as treasurer of the Organ and Decorating committee. I find everything in both accounts correct.

Brimfield Mass.

Jan. 7, 1933.

I have examined the stock, bonds and cash books in the safe deposit box at Palmer National Bank and find everything as reported to me. I have examined the account of the treasurer for 1932 and his cancelled checks; also his account as treasurer of the organ committee. I find vouchers for all payments made except those made on the principal of the organ fund which were made in cash. I believe everything is correct.

Brimfield Mass.

Jan. 8, 1936.

The stocks, bonds and bank-book
balances in the safe deposit box are the same
as last year except that the National 4th
Liberty Loan \$1,000.00 bond, and the Pacific
Fruit & Express \$1,000.00 bond have both matured
and there are now fifteen shares American
Tel & Tel. stock and \$1,000.00 twenty year
4% bond of Armour & Co. of Delaware, first
mortgage.

I have examined the account of the
parish treasurer, his bank account and
bank balance. I find everything correct.

Proposition of Hon John Wyles to the First Parish

Brimfield May 1. 1869

Dear Sir

Information derived from my connection with the First Parish or Congregational Society of Brimfield, and other sources has led me to the conclusion that the plan adopted by the Parish some years since of annually assessing upon their Church Slips an amount sufficient to meet their current expenses expecting to realize from the rents thereof such an income as to obviate the necessity of any tax upon the members of the Parish for ordinary ~~Parish~~ expenses, has not only failed to secure the desired result, but the great increase in the yearly expenses of the Parish (notwithstanding their income from other sources) necessitated such an addition to the amount to be assessed upon the Slips over and above the sum required when the plan was adopted, that it is thought by some especially by persons having large families to provide for to be, not only a burden but a hindrance to such a full and general attendance of the people upon the services of the Church as the Parish have provided for and we all desire and seek to secure.

Therefore in order to obviate somewhat these objections and to do something towards enabling the Parish to permanently reduce the amount to be annually assessed upon their ^{Church} Slips to such a sum, that they may rent the same at a price within the means of all who desire to attend the services of their Church, Also wishing to provide for and enable the Parish to secure good and appropriate vocal and Instrumental music in connection with said services.

I propose to pay to, and endow the the Parish with the sum of Five Thousand dollars, to be held by said Parish as a permanent fund, no part of the same ever to be expended, to be kept by said Parish safely invested for the purposes and subject to the limitations and conditions herein expressed viz:

For the current year Three Hundred dollars of the income of said fund shall be applied to the payment of the donation of that amount I authorized to be pledged towards the expenses of the Parish for the ensuing year, the balance if any, to be applied, first to defray the expense of music, and the

or Congregational Society of Brimfield

the remainder towards the ordinary expenses of the Parish.

After the first year two thirds of the income of said fund shall be annually applied towards the payments of Parish expenses, in such a manner and most effectually reduce the amount to be raised upon the Slips.

The other third of the income of said fund shall be applied to secure and defray the expense of appropriate Music in connection with the other services of the Church of said Parish.

Should one third of the income as aforesaid in any year amount to more than is required for that purpose, the excess shall be reserved and applied from time to time as occasion may require for the instruction of youth in Church Music, by schools or otherwise as may be thought most judicious.

If the Parish shall wilfully and unreasonably refuse or neglect to comply with the conditions of this proposition then the Fund herein appropriated by me shall be forfeited and revert to myself or my legal representatives.

Hoping ~~that~~ the Parish will see fit to accept this endowment, and that it will have the effect to relieve the burdens above named and secure a more general attendance upon the services of the Church, thereby increasing its prosperity and usefulness. I subscribe myself

Very truly your friend

John Wykes

To the Treasurer of the
First Parish or Congregational
Society of Brimfield
